SDG 15.3.5

SDG 15 Life on Land

Collaboration for shared land ecosystems

Mariano Marcos State University · THE Sustainability Impact Ratings 2027

THE QUESTION

Collaborate with the local community to maintain shared land ecosystems.

1 Introduction

Yes. In 2025 MMSU worked with communities, local governments and agencies on land and coast they share. On 29 November it signed a memorandum of agreement with the Toyota Motor Philippines Foundation, DENR and LGU Pasuquin to conserve a degraded two-hectare coastal forest in Barangay Davila, where about 110 volunteers planted 1,750 mangrove seedlings and 3,500 more are planned over two years. In June, MMSU planted 250 mangrove propagules in Currimao with the LGU, DENR and fisherfolk organisations, and on 6 December it planted 280 more in Badoc with the Rotary Club of Laoag Sunshine and the LGU. A dialogue with DENR Region 1 brought pledges of technical support for restoration and monitoring. In Vintar and San Nicolas, schools and barangays maintain indigenous food plant foodscapes, and in Pinili a community bambusetum was established. An MMSU expert also sits on the Kalbario-Patapat Natural Park technical working group.

2 Body

2.1 MMSU, TMP Foundation, DENR and Pasuquin LGU Sign Agreement to Conserve a Coastal Forest

On November 29, 2025, Mariano Marcos State University, the Toyota Motor Philippines Foundation (TMPF), the Department of Environment and Natural Resources and the Local Government Unit of Pasuquin formalized through a memorandum of agreement a partnership to strengthen coastal forest conservation in Barangay Davila, Pasuquin, Ilocos Norte. The agreement was signed by MMSU President Virgilio Julius P. Manzano Jr. with TMPF leadership, Toyota Motor Philippines and Toyota Ilocos Norte executives, DENR-CENRO Bangui Ecosystem Management Specialist Justine Rose Teneza, and Sangguniang Bayan Member Romel Ranay for LGU-Pasuquin.

A mangrove planting followed the signing at the degraded two-hectare National Greening Program site in Barangay Davila: about 110 volunteers, including members of the MMSU College of Industrial Technology, DENR-CENRO Bangui, the Municipal Environment and Natural Resources Office and residents, planted 1,750 seedlings, and the partners will plant 3,500 seedlings of the native mangrove species lapis-lapis and arinaya over two years. TMPF President Jose Maria Aligada described the partnership as shared stewardship to restore native mangrove species, rehabilitate coastal systems and boost community resilience to climate-related hazards. Former MMSU College of Industrial Technology Dean Cesario Pacis was recognized as one of the initiators of the MMSU–Toyota partnership.

On December 6, 2025, Mariano Marcos State University, the Rotary Club of Laoag Sunshine and the Local Government Unit of Badoc planted 280 mangrove propagules in Barangay Pagsanahan, Badoc, Ilocos Norte, to restore a mangrove stand extensively damaged by past typhoons and to ensure the continuity of ecological succession at the site.

The activity was led by MMSU President Virgilio Julius P. Manzano Jr., with the LGU of Badoc headed by Hon. Virgilio M. Calajate and the Rotary Club of Laoag Sunshine under Atty. Zsa Zsa Raval. MMSU's Vice President for Resource Generation and its Directors for Extension, Curriculum Development and Innovative Learning, and Student Affairs and Development also took part.

RESOURCES 3

2.3 MMSU Plants 250 Mangrove Propagules in Currimao on World Environment Day

MMSU, LGU Currimao, DENR and fisherfolk volunteers at the planting site, June 2025. (Photo: MMSU STRATCOM)

In June 2025, in celebration of World Environment Day, Mariano Marcos State University planted 250 mangrove propagules along the coastal area of Barangay Maglaoi, Currimao, Ilocos Norte, to restore degraded shorelines, enhance climate resilience and promote sustainable coastal resource management. The activity was spearheaded

by the MMSU Sustainability and Futures Thinking (SFT) Office with the Local Government Unit of Currimao and led by Dr. Mee Jay Domingo, Vice President for Planning and Strategic Foresight.

MMSU faculty, education support personnel and students joined representatives of the Department of Environment and Natural Resources, barangay officials, members of local fisherfolk organizations and community members. SFT Director Dr. Arlene Gonzales explained that mangroves were chosen because they act as natural filters that intercept plastic waste from land before it reaches the sea, while absorbing carbon, protecting shorelines from erosion and providing habitat for marine life.

RESOURCES 4

2.4 MMSU and DENR Region 1 Strengthen Partnership for Mangrove Conservation

Dr. Arlene L. Gonzales at the MMSU–DENR Region 1 dialogue on mangrove conservation, ILAARRDEC.

MMSU and DENR Region 1 officials during the dialogue at ILAARRDEC.

MMSU, in partnership with the Department of Environment and Natural Resources (DENR) Region 1, convened a dialogue at ILAARRDEC to advance mangrove conservation and coastal resilience in the Ilocos Region through science-based and community-centered approaches. Central to the dialogue was the DOST-PCAARRD-funded nature-based solutions mangrove project led by Dr. Arlene Gonzales.

DENR officials pledged technical support and active participation in restoration, monitoring and evaluation activities. The same project brought representatives of Currimao, Pasuquin, Badoc and Burgos, with DENR-PENRO, to MMSU's mangrove propagation seminar-workshop on October 27–28, 2025.

RESOURCES 5, 6

2.5 Indigenous Food Plant Foodscapes Established with Vintar and San Nicolas Partners

Partners receive indigenous food plant planting materials for the Community Foodscapes and Seedbanks, World Food Day 2025.

In October 2025, the MMSU Extension and Research Directorates partnered with local government units and schools to establish Community Foodscapes and Seedbanks for Indigenous Food Plants. Held at Eladio V. Barangan Memorial Elementary School in San Nicolas, Ilocos Norte, the activity brought together officials of Barangays San Roque and Parut, Vintar, the Municipal Agriculture Office of Vintar, agricultural extension workers, school leaders and community representatives as the second batch of partner sites.

The partner communities maintain the foodscapes as shared seedbanks and learning gardens, with planting materials and technical assistance from MMSU, to conserve indigenous food resources such as kapaskapas, alokon, pako, dalayap, wild singkamas and roselle. They join existing foodscape sites in Sarrat and Batac.

2.6 A New Bambusetum in Barangay Aglipay, Pinili

Participants of the bamboo propagation, nursery and plantation management training, Brgy. Aglipay, Pinili, 2025. (Photo: MMSU)

During a two-day bamboo production training in 2025, the MMSU Extension Directorate and CAFSD, with Barangay Aglipay, Pinili, and the support of ILAARRDEC, worked with 46 farmers, local leaders and community members to

establish a new bambusetum, a collection of bamboo species, in Barangay Aglipay. The training covered bamboo propagation, nursery establishment and plantation management.

2.7 Mangrove Nature-based Solutions Project Runs from 2024 to 2026

Ongoing programme · 1 May 2024 to 30 April 2026

Project Leader Dr. Arlene L. Gonzales presents the project at its launch, MMSU Review Center, 27 June 2024. (Image credit: TTPD, DOST-PCAARRD)

The MMSU project team with DOST-PCAARRD, DENR-PENRO Ilocos Norte, the Provincial Government of Ilocos Norte and the LGUs of Badoc and Currimao at the launch. (Image credit: TTPD, DOST-PCAARRD)

The DOST-PCAARRD-funded project “Nature-based Solutions (NbS) for Sustainable Mangrove Management and Resilient Coastal Communities Through Innovative Green Engineering Approach,” led by Dr. Arlene L. Gonzales of MMSU, was launched at the MMSU Review Center on June 27, 2024, and runs from May 1, 2024 to April 30, 2026 in Badoc and Currimao, Ilocos Norte. DENR-PENRO Ilocos Norte, the Provincial Government of Ilocos Norte and the local government units of Badoc and Currimao support the project.

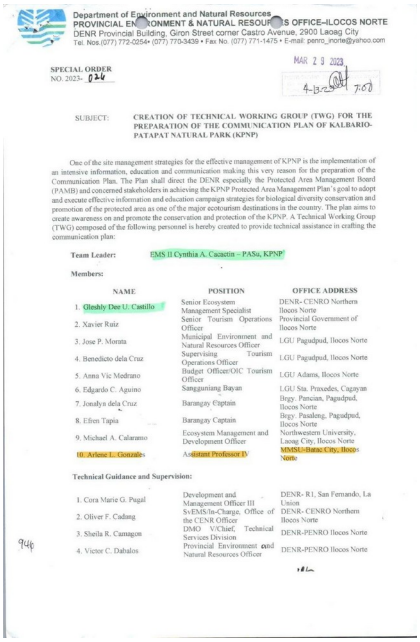

The project addresses the poor hydrological conditions that keep young mangrove propagules from surviving, using technology-assisted plantations and locally available, ecologically friendly materials, including bamboo-engineered structures that protect young mangroves and improve their survival.

The 2025 activities of the project, including the dialogue with DENR Region 1 and the October 2025 mangrove propagation seminar-workshop, are described under Indicators 15.2.3 and 15.2.4.

2.8 MMSU Expert Serves on the Kalbario-Patapat Natural Park Technical Working Group

Ongoing role · appointment of 29 March 2023

Department of Environment and Natural Resources
PROVINCIAL ENVIRONMENT & NATURAL RESOURCES OFFICE-ILOCOS NORTE
DENR Provincial Building, Giron Street corner Castro Avenue, 2900 Laoag City
Tel. Nos.(077) 772-0254• (077) 770-3439 • Fax No. (077) 771-1475 • E-mail: penro_ilocne@yahoo.com

SPECIAL ORDER
NO. 2023- 024

MAR 2 9 2023

SUBJECT: CREATION OF TECHNICAL WORKING GROUP (TWG) FOR THE PREPARATION OF THE COMMUNICATION PLAN OF KALBARIO-PATAPAT NATURAL PARK (KPNP)

One of the site management strategies for the effective management of KPNP is the implementation of an intensive information, education and communication making this very reason for the preparation of the Communication Plan. The Plan shall direct the DENR especially the Protected Area Management Board (PAMB) and concerned stakeholders in achieving the KPNP Protected Area Management Plan's goal to adopt and execute effective information and education campaign strategies for biological diversity conservation and promotion of the protected area as one of the major ecotourism destinations in the country. The plan aims to create awareness on and promote the conservation and protection of the KPNP. A Technical Working Group (TWG) composed of the following personnel is hereby created to provide technical assistance in crafting the communication plan:

Team Leader: EMS II Cynthia A. Cacaetin – PASu, KPNP

Members:

NAME	POSITION	OFFICE ADDRESS
1. Glenhly Dee U. Castillo	Senior Ecosystem Management Specialist	DENR-CENRO Northern Ilocos Norte
2. Xavier Ruiz	Senior Tourism Operations Officer	Provincial Government of Ilocos Norte
3. Jose P. Morata	Municipal Environment and Natural Resources Officer	LGU Pagudpud, Ilocos Norte
4. Benedicto dela Cruz	Supervising Tourism Operations Officer	LGU Pagudpud, Ilocos Norte
5. Anna Vic Medrano	Budget Officer/OIC Tourism Officer	LGU Adams, Ilocos Norte
6. Edgardo C. Aguino	Sangguniang Bayan	LGU Sta. Praxedes, Cagayan
7. Jonalyn dela Cruz	Barangay Captain	Brgy. Pancian, Pagudpud, Ilocos Norte
8. Efren Tapia	Barangay Captain	Brgy. Pasaleng, Pagudpud, Ilocos Norte
9. Michael A. Calaramo	Ecosystem Management and Development Officer	Northwestern University, Laoag City, Ilocos Norte
10. Arlene L. Gonzales	Assistant Professor IV	MMSU-Batac City, Ilocos Norte

Technical Guidance and Supervision:

1. Cora Marie G. Pagal	Development and Management Officer III	DENR- R1, San Fernando, La Union
2. Oliver F. Cadang	SvEMS/In-Charge, Office of the CENR Officer	DENR- CENRO Northern Ilocos Norte
3. Sheila R. Camagon	DMO V/Chief, Technical Services Division	DENR-PENRO Ilocos Norte
4. Victor C. Dabalos	Provincial Environment and Natural Resources Officer	DENR-PENRO Ilocos Norte

Document: DENR-PENRO Ilocos Norte Special Order No. 2023-024 (29 March 2023) naming Dr. Arlene L. Gonzales of MMSU to the KPNP Technical Working Group.

Through DENR-PENRO Ilocos Norte Special Order No. 2023-024, dated March 29, 2023, Dr. Arlene L. Gonzales of MMSU was named a member of the Technical Working Group that prepares the Communication Plan of the Kalbario-Patapat Natural Park (KPNP), a protected area in Ilocos Norte. The group, led by the KPNP Protected Area Superintendent, brings together DENR offices, the Provincial Government of Ilocos Norte, the LGUs of Pagudpud and Adams in Ilocos Norte and Sta. Praxedes in Cagayan, barangay officials and Northwestern University.

The Communication Plan supports the goal of the KPNP Protected Area Management Plan to adopt and carry out effective information and education campaigns for biological diversity conservation and for the promotion of the protected area as a major ecotourism destination.

RESOURCES 10

3 Conclusion

> Mangroves in Pasuquin, Currimao and Badoc, indigenous food plant foodscapes in Vintar and San Nicolas, a bambusetum in Pinili and a seat on a park working group: MMSU works with LGUs, DENR, a foundation, a service club and barangays on land and coast they share.
