Conserving, restoring and sustainably using land

2 frames

15 LIFE ON LAND

THE STORY

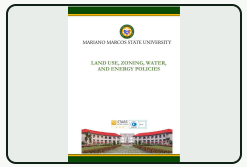

A written commitment to conserve, restore and protect university land, adopted in 2021 as part of Sirmata 2040.

MMSU'S COMMITMENT

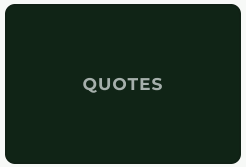

Take an active role in protecting and promoting sustainable use of terrestrial ecosystems, responsible land use, and biodiversity conservation.

SIRMATA 2040 LUDIP (2021) · LAND USE POLICY PART 1 OF 2

MMSU Land Use Policy Commits the University to Conserve and Restore Its Lands

Policy · Sirmata 2040 LUDIP (2021)

1. **THE POLICY**
   MMSU's Land Use, Zoning, Water and Energy Policies were adopted as part of Sirmata 2040, the Land Use Development and Infrastructure Plan prepared in 2021 under RA 11396, and govern all university lands across its campuses.
2. **POLICY 1.3**
   Land allocation and use "shall aim to maintain, protect, conserve, restore, and enhance the integrity of the land itself, the environment and ecological balance in all its campuses."
3. **POLICIES 7.1 AND 10.2**
   Decisions must rest on valid, reliable science, especially before altering or converting any land; fragile lands and protected areas get special management "to protect, conserve, enrich, rehabilitate, and or sustain them."

IN THE POLICY'S OWN WORDS

POLICY 9.1

"Protected landholdings of the university shall be conserved, preserved and to be excluded from any form of alteration except as may be permitted by operation of law."

FOREST RESERVE

The MMSU Forest Reserve is maintained as a no-build zone.

POLICY 4.3

The university regularly reviews, updates and promptly communicates its land-use policies.

SIRMATA 2040 LUDIP (2021) · THE SAFEGUARDS PART 2 OF 2

The Safeguards: Protected Land, a No-Build Forest Reserve and Regular Review

Policy · Sirmata 2040 LUDIP (2021)

1. **PROTECTED LAND**
   The zoning policy sets aside Protected Land as a distinct zone, excluded from any alteration except as permitted by law.
2. **NO-BUILD RESERVE**
   The MMSU Forest Reserve is kept as a no-build zone.
3. **KEPT CURRENT**
   Policy 4.3 requires regular review, updating and prompt communication of land-use policies.

WHERE THE STORY LANDS

Principles that put science before change, protect designated land from alteration and keep the Forest Reserve a no-build zone give the university's lands a durable, written safeguard.
