15 LIFE ON LAND

THE ASKS

Offer educational programmes on ecosystems (looking at wild flora and fauna) for local or national communities.

MMSU'S COMMITMENT

Take an active role in protecting and promoting sustainable use of terrestrial ecosystems, responsible land use, and biodiversity conservation.

STORYLINE

Teaching communities to grow and guard what the land holds: mangroves, indigenous trees and food plants.

MMSU Trains Coastal Towns on Mangrove Propagation, Management and Conservation

1. **THE TRAINING**
   A two-day Seminar-Workshop on Mangrove Propagation for representatives of Currimao, Pasuquin, Badoc and Burgos, with DENR-PENRO officials in attendance, under the DOST-PCAARRD NbS mangrove project.
2. **THE CURRICULUM**
   Importance of mangrove ecosystems, nature-based solutions, legal frameworks for protection, and the roles of academe and LGUs in community-based management.
3. **HANDS-ON**
   Nursery management and advanced propagation of Avicennia and Sonneratia and other local mangroves; the Pedada People's Organization shared its community-based conservation experience.

Farmers in Sarrat Trained to Propagate the Indigenous Alukon

1. **THE TRAINING**
   The Research and Extension Directorates trained 64 farmers on propagating alukon (himbabao), a Philippine indigenous vegetable tree, in response to community requests.
2. **WHO ATTENDED**
   Barangay officials, members of the Task Force Dagger Special Operations Foundation and LGU representatives also attended.
3. **THE EXPERTISE**
   Dr. Menisa Antonio, Engr. Josefa Pugat and Mr. Jayson Rasay presented propagation strategies for sustained alukon production and wider use for food and other applications.

MMSU Brings Bamboo and Alukon Propagation to the 2025 Siwawer Farmers' Festival

1. **THE EVENT**
   MMSU's Information and Technology Caravan joined the 2025 Siwawer Farmers' Festival and Agro-Trade Fair with an exhibit of university technologies and a series of expert lectures.
2. **DAY 1 · BAMBOO**
   Forester Shena Rose Garcia introduced sustainable bamboo production using MMSU's one-node cutting technology.
3. **DAY 2 · ALUKON**
   Ms. Josefa Pugat demonstrated propagation of the indigenous vegetable tree alukon; other lectures covered glutinous corn varieties, garlic disease management and black garlic.

Community Foodscapes as Learning Gardens for Indigenous Plants

1. **THE SITE**
   The Extension and Research Directorates set up the second batch of Community Foodscapes and Seedbanks at Eladio V. Barangan Memorial Elementary School.

2. **WHO TOOK PART**
   Barangay officials of San Roque and Parut (Vintar), agricultural extension workers, school leaders and community representatives.

3. **THE LEARNING**
   Seedbanks and learning gardens that encourage knowledge sharing; communities receive planting materials and technical assistance for kapaskapas, alokon, pako, dalayap, wild singkamas and roselle.

Indigenous Food Plants Propagated at the MMSU Botanical Garden Are Shared with Schools and Communities

Continuing implementation · Philippine News Agency, 6 June 2026

1. **THE REPORT**
   The Philippine News Agency reported that sugod-sugod, alokon, buga and karot are being propagated at the NRCMC botanical garden.
2. **THE SHARING**
   Planting materials go to schools and community stakeholders for food gardens, to boost food security and give farmers an additional income source.
3. **THE LINK**
   The garden is the ex situ arm of the IFP Program, which in 2025 extended community foodscapes and seedbanks to new partner barangays.

2025 EVIDENCE

DRAFT COMMENT

658 / 1,000 characters

In 2025 MMSU offered educational programmes on ecosystems to local communities: a two-day Seminar-Workshop on Mangrove Propagation (27–28 Oct) for Currimao, Pasuquin, Badoc and Burgos with DENR-PENRO, covering mangrove ecology, nature-based solutions, legal frameworks and Avicennia/Sonneratia propagation; alukon propagation training for 64 farmers in Sarrat (2 May); bamboo and alukon lectures at the Siwawer Farmers' Festival, Vintar (3–4 Dec); and Community Foodscapes and Seedbanks as learning gardens for indigenous plants in San Nicolas and Vintar (Oct). mmsu.edu.ph/article/news/2670; mmsu.edu.ph/news/mmsu-trains-sarrat-farmers-on-alukon-propagation

BEFORE YOU SUBMIT

- Free access: state that the mangrove seminar and alukon training were free of charge, if true. THE gives full credit only to free programmes.
- Confirm whether the Siwawer caravan and foodscape activities were free.
- Confirm the 2027 data year with THE before upload.
- Upload one file per indicator (this storyboard is built for that). THE rejects evidence that is mainly a list of links.
