15 LIFE ON LAND

THE ASKS

Offer educational programme/outreach for local or national communities on sustainable management of land for agriculture.

MMSU'S COMMITMENT

Take an active role in protecting and promoting sustainable use of terrestrial ecosystems, responsible land use, and biodiversity conservation.

STORYLINE

Four channels to the farmer: radio, village training, demonstration plots and on-farm practice.

MMSU School-on-the-Air (Eskuela iti Tangatang) season on regenerative vegetable farming, June–December 2025. (Image: MMSU)

24–25 JUN 2025 SEASON OPENING · BROADCAST JUNE–DECEMBER 2025

School-on-the-Air Brings Regenerative Vegetable Farming to 1,000 Ilocanos

1. **THE PROGRAMME**
   A new season of MMSU's School-on-the-Air (Eskuela iti Tangatang) on regenerative vegetable farming opened with 1,000 enrollees from the 22 municipalities and cities of Ilocos Norte.

2. **THE LESSONS**
   Climate-smart practices and off-season vegetable seeding, aired over DWFB Radyo Pilipinas Laoag, DWCI Radyo Adjo Piddig and DWNI Radyo Karruba Burgos.

3. **WHO LEARNED, WHO PARTNERED**
   Vegetable growers, rural improvement club members, extension workers and students; run with the Provincial Government, the Provincial Agriculturist, LGUs, ILAARRDEC and the High-Value Crops Division.

14 FEB 2025 · IN FRONT OF CAFSD, BATAC

Parambak ditoy MMSU 2025 Showcases Extension Technologies for Farmers

1. **THE EVENT**
   The 7th Parambak ditoy MMSU closed the 47th Foundation Anniversary, showcasing how extension and research programmes support community development and agricultural innovation.

2. **WHO TOOK PART**
   37 exhibitors, including ATI-Ilocos learning sites, Magsasaka Siyentista, Balik-Probinsya beneficiaries and LGUs, with the Provincial Government, NGOs, farmer leaders and entrepreneurs.

3. **WHAT HAPPENED**
   Participants harvested fresh vegetables at the President's Farm, 17 new Extension partners were recognised, and the Research Directorate presented off-season tomato and shallot, Bolinao chicken, indigenous vegetables and black garlic.

Bamboo Propagation and Plantation Management Training in Pinili

1. **THE TRAINING**
   A two-day bamboo production training by the Extension Directorate and CAFSD with Barangay Aglipay, supported by ILAARRDEC.

2. **THE SKILLS**
   Bamboo propagation, nursery establishment and plantation management for 46 farmers, local leaders and community members, who also helped establish a new bambusetum.

3. **THE EXPERTS & CHAMPIONS**
   Lectures and demonstrations by Mr. Charlie Maine Cacactin (CAFSD) and Mr. Bonne Jovie Orteza (MMSU); championed locally by Pinili's Magsasaka Siyentista Mr. Reynaldo Antalan.

Vermicast Facility Helps Pasuquin Onion Farmers Restore Degraded Soils

1. **THE FACILITY**
   White-onion farmer-leaders of the Ayat ti Pasuquin Farmer and Irrigators Association set up a pilot vermicomposting facility under the MMSU–Jollibee Group Foundation Farmers Entrepreneurship Program.

2. **HOW IT WORKS**
   African night crawlers (Eudrilus eugeniae) convert biodegradable farm waste into vermicast, an organic fertilizer that improves soil structure, stimulates microbial activity and reduces chemical inputs.

3. **WHY**
   A response to soil degradation from prolonged reliance on chemical fertilizers, which farmers linked to poor soil conditions and low seedling survival.

Pasuquin Onion Farmers Trained on Good Agricultural Practices

1. **THE TRAINING**
   A Pre-Dispersal Training on White Onion Production by the Municipality of Pasuquin, MMSU and the Jollibee Group Foundation for the San Juan Icas Manuel Farmers' Association.

2. **THE TOPICS**
   White onion production technology, good agricultural practices (GAP) and proper farm recording for sustainable and profitable farming.

3. **THE REACH**
   Farmer participation doubled from 15 to 30 beneficiaries with a collective production target of 200 tons for 2025; the Office of the Provincial Agriculturist supplies seeds and planting materials.

President's Farm Field Day Showcases Climate-Resilient Rice Varieties

1. **THE EVENT**
   The MMSU Extension Directorate and PhilRice Batac held the President's Farm Field Day: A Technology Showcase.
2. **WHO TOOK PART**
   Farmers and farmer-leaders, agricultural technicians from Ilocos Norte LGUs, BS Agriculture students, and MMSU and PhilRice rice specialists.
3. **WHAT THEY SAW**
   Eight rice varieties under wet-season conditions: four newly released by PhilRice, two public hybrids, and two for saline and rainfed fields, e.g. NSIC Rc 686 (Salinas 39) and NSIC Rc 650 (Sahod Ulan 36).

Science High School Students Learn Sustainable Farming at MMSU's Demonstration Farm

1. **THE VISIT**
   59 Grade 11–12 students of Philippine Science High School–Ilocos Region Campus visited during National Biotechnology Week as part of their community immersion programme.
2. **THE PROGRAMME**
   After an orientation at the ILAARRDEC One-Stop Information Shop, Extension Director Dr. Marlowe Aquino discussed biotechnology in agriculture and MMSU's hybrid off-season tomato varieties.
3. **THE LEARNING**
   Students observed sustainable farming practices on site.

2025 · PROJECT SLAM 2023/146 · GRIFFITH UNIVERSITY, ACIAR, DOST-PCAARRD

MMSU Leads Soil Health Research for Rice-Based Cropping Systems

1. **THE PROGRAMME**
   MMSU is a key partner in a five-year research programme building soil knowledge and capacity for sustainable cropping systems; President Manzano pledged the university's commitment at the 24–26 Mar 2025 inception meeting in Balanga City, Bataan.

2. **MMSU'S ROLE**
   Leads the rice-based cropping systems project in Ilocos Norte, Tarlac and Bataan (Dr. Janet Villamor): nutrient management and yield-calibrated soil health indices for rice-garlic, rice-rice and rice-onion systems.

3. **THE KICK-OFF**
   16 Jun 2025 at the Center for Flexible Learning with Griffith University, the country project manager and the provincial agriculturists of three provinces, with visits to sites in Batac, Vintar and Pasuquin.

RECOMMENDED ANSWER ON THE THE FORM

Yes

2025 EVIDENCE

DRAFT COMMENT

698 / 1,000 characters

In 2025 MMSU ran outreach on sustainable land management for agriculture: School-on-the-Air on regenerative vegetable farming (1,000 enrollees from all 22 municipalities and cities, Jun–Dec); the President's Farm Field Day on eight rice varieties incl. saline- and rainfed-suited ones (28 Oct); bamboo plantation management training for 46 people in Pinili; a vermicast facility and good-agricultural-practices training for Pasuquin onion farmers (doubling participation from 15 to 30); a demonstration-farm visit for 59 PSHS students; and the 7th Parambak ditoy MMSU (14 Feb). mmsu.edu.ph/news/mmsu-draws-1k-enrollees-for-soa-program-on-sustainable-vegetable-farming; mmsu.edu.ph/article/news/2665

BEFORE YOU SUBMIT

- Free access: state that School-on-the-Air and the Pinili bamboo training were free of charge, if true (full credit only for free programmes).
- The soil health programme is research; THE asks for outreach, so keep it as supporting context.
- Confirm the 2027 data year with THE before upload.
- Upload one file per indicator (this storyboard is built for that). THE rejects evidence that is mainly a list of links.
