MMSU Land Use Policy Commits the University to Conserve and Restore Its Lands

Policy · Sirmata 2040 LUDIP (2021)

1. **THE POLICY**
   MMSU's Land Use, Zoning, Water and Energy Policies were adopted as part of Sirmata 2040, the Land Use Development and Infrastructure Plan prepared in 2021 under RA 11396, and govern all university lands across its campuses.
2. **POLICY 1.3**
   Land allocation and use "shall aim to maintain, protect, conserve, restore, and enhance the integrity of the land itself, the environment and ecological balance in all its campuses."
3. **POLICIES 7.1 AND 10.2**
   Decisions must rest on valid, reliable science, especially before altering or converting any land; fragile lands and protected areas get special management "to protect, conserve, enrich, rehabilitate, and or sustain them."

Not stated: add a 2025 review or Board resolution if one exists

BEFORE YOU SUBMIT

- Confirm the policy is still in force and give a "last reviewed" year (Policy 4.3 requires regular review).
- Peer benchmark: a 2025 Board resolution or review would add the review point.
- Confirm the 2027 data year with THE before upload.
- Upload one file per indicator (this storyboard is built for that). THE rejects evidence that is mainly a list of links.
