15 LIFE ON LAND

THE ASKS

Have a policy to reduce the impact of alien species on campus.

MMSU'S COMMITMENT

Take an active role in protecting and promoting sustainable use of terrestrial ecosystems, responsible land use, and biodiversity conservation.

STORYLINE

No entry yet. This storyboard sets out the three frames a policy and its proof would need.

COMPENDIUM NOTE · NO ENTRY YET

NO ENTRY YET. THE asks for a policy to reduce the impact of alien species on campus. Nothing was found in MMSU's public sources, the focal person's mailbox or the links supplied by the team. A memorandum from the Office of the President requiring native species in campus planting and the control of invasive species would answer it.

No MMSU policy on alien species was found in public sources, the focal person's mailbox or the links supplied. A memorandum from the Office of the President requiring native species in campus planting and the control of invasive species would answer this question.

BEFORE YOU SUBMIT

- Issue a memorandum from the Office of the President: native species in campus planting; control of invasive species.
- Then add the first dated planting or control activity that follows the memorandum.
- Confirm the 2027 data year with THE before upload.
- Upload one file per indicator (this storyboard is built for that). THE rejects evidence that is mainly a list of links.
